*** Compression/Storm Damage**

These bats are sold with NO WARRANTY due to the unpredictable nature of the willow used to produce them.

Compression/Storm damaged wood is caused by a combination of growing conditions and the pressing of the wood fibres. The performance of the bat is not affected but there is a much higher risk that a bat with visible or hidden fibre fractures might break after a short period of use, and this is reflected in the much reduced price.

Clearance Goods

All clearance goods are sold as seen and with NO WARRANTY. **Images can be e-mailed to you on request.** Please contact us on **01823327755** to purchase or request information on clearance goods or, alternatively, email us at **info@millichampandhall.co.uk**
